

Application Information

To obtain an original certificate, an optometrist must do all of the following:

1. Submit application fee of \$20 by check or money order, made payable to "Professional Licensing Agency"
2. Complete an Indiana optometric legend drug certificate application, which shall include the following information:
 - a. Name
 - b. Business name (if applicable)
 - c. Primary practice address
 - d. Indiana optometrist's license number
 - e. Signature and date
 - f. Answer whether or not any previous license or certificate held by the applicant has been surrendered, revoked or denied or is pending action
3. Provide proof of education in ocular pharmacology from a school or college of optometry or medicine by providing a transcript of the course work taken by the applicant from the school or college.
4. Provide a score report certifying successful completion of the Treatment and Management of Ocular Disease (TMOD) examination that is sponsored by the International Association of Boards of Examiners in Optometry (IAB) and administered by the National Board of Examiners in Optometry.

[OLDPAC Certificate Application](#)**

**As of November 19, 2005, providing proof that you've obtained 20 hours of continuing education course work in ocular pharmacology after January 1, 1991, in courses approved by the committee is no longer an option to use to receive your certification. At this time, the application still reflects this as an option; however, it is no longer a valid option.

Please mail in the completed application and payment to our agency at the following address:

Professional Licensing Agency
402 W Washington Street, Room W072
Indianapolis, IN 46204

For questions regarding the OLDPAC certificate application, you may e-mail our office at pla8@pla.IN.gov.
